

Using your PocketSurfer2 abroad

The PocketSurfer2 features a quad band modem allowing use almost anywhere in the world. What follows is a list of all countries with the necessary GPRS data coverage.

Call us on **0844 999 0990** to activate prior to leaving the UK. Be sure to allow at least 24 hours before travelling, due to there being a delay while the network de-bars the device to permit roaming. After requesting roaming please use the device to connect to the internet a few times before departure.

Deposit: £25 (charged in USD at 50\$, refundable)*

Roaming costs: 25p per minute (any country)

**Initial charges are taken from deposit, billing on a monthly basis thereafter*
